★★★★★  
**Camping Fichtelsee**  
*come and enjoy*

*... and your  
Holiday can start*

*One thousand and one  
recreational possibilities...*

... are offered near the camping site Fichtelsee at the foot of Ochsenkopf, the second highest peak in Franconia, a mountain for activities. In this gorgeous low mountain range you can enjoy your holidays doubly – be active and experience a breathtaking, unique landscape at the same time.

Camping at the Fichtelsee stands for recreation in all seasons. In this region, the leisure time facilities in summer are as multifaceted as in winter. They are diversified, family friendly and generation spanning. Hiking, Nordic Walking or cycle touring, mountain biking, horse riding or summer tobogganing, tennis or mini golf – here your holiday will become an unforgettable experience.

Be our guest and enjoy your most wonderful days at our Fichtelsee!

Best wishes, the Langer family

## Summer, Sunshine and the Lake...

When you can see the dark-blue reflection of the white-blue, Bavarian sky in the water, then it is summer in the Fichtelgebirge. Only a few steps from our camping site, framed by marvelous scenery, the Fichtelsee invites you for a swim or sunbathing on idyllic lawns. Of course there is also an area for children to splash around in the water.

The ardent fans of the Fichtelsee assure you, that the swampy waters are a feast for your skin and senses. Of course you can launch your rubber boat for a placid trip in the Fichtelsee. And in the evening, when the sky is colored by the bright red hues of the sunset behind the majestic Schneeberg, a special and unforgettable hour strikes for romantics.

## Walking in the winter wonderland

The Fichtelgebirge – a winter romance! When the snow's soft white blanket covers the landscape, the region transforms into a paradise for winter sports. Neat slopes invite you for a breathtaking ride down the mountains and seemingly endless cross-country trails for extensive ski tours midst a gorgeous winter scenery. Start right from your campsite into the sportive winter pleasures...

And when the Fichtelsee is covered by thick layers of ice, ice skaters can spin their pirouettes underneath the open sky. Or do you prefer an adventurous ride on the sledge.

Who rather looks for peace and quiet can simply stride the snowy spruce woods in bulky winter boots or all trendy in snow shoes, following the classical "walking in a winter wonderland".

## Convenience all around...

is what we offer in very well equipped sanitary facilities. They include a baby change room, wheelchair booths and a drying room as well as a cozy lounge. There is a winter-proof supply and disposal station. In addition we provide some Comfort-sites with water connection and drain.

## Camping and Wellness

Since ancient times, the Fichtegebirge has been called "God's apothecary". Therefore you can combine a stay at our five-star camping site with a wellness vacation or an ambulant bath treatment. In the short distance of only 350 meters, the Crystal-Radon-Brine Thermal Springs are located. Brine and radon pools or the spacious sauna area invite you to relax your body and soul and gain new energy for the daily routine. Also children can be at ease in the baths and have fun in the water.
